

TRANS AKTIVISM

www.transaktivism.nu

On an evening during autumn we were talking about things you talk about sometimes; about different kinds of trans activism, about the history, about a wish for knowledge exchange between generations of trans activists, about the fact that we don't know that much. We talked about a wish for testimonies about and documentation of trans activism, about learning from the history that hasn't been told and that doesn't reach us, about a wish for a broader perspective of what trans activism is and should be, about a wish for a broader representation of trans activist stories, about longing to have the trans activist history in Sweden gathered and available to us all. From this, an idea took shape of how to make this a reality, and that is what you have in front of you right now. We hereby invite you to be a part of a collective process where we write trans activist history together!

INSTRUCTIONS:

1. Write your stories about trans activism! What have you done together with others or by yourself? Was it a specific event or a longer period of time? What was it about? How did you do it? When? What kind of reactions did it get? What did you feel? What did you learn? Why was it trans activism for you? You decide what you want to share with us and you don't have to answer the questions we've written here, they are just a support. The things we do want you to write is WHERE and WHEN it happened. You write as long or as short you want, we'd rather have anything than nothing. You can also be a group of people who write it together!
2. Sent your stories to transaktivism@mail.com. (Include if you would like to be anonymous or publish your full name or part of it with your story.)
3. We will share your stories on transaktivism.nu, Facebook and Instagram!

WE'RE LONGING FOR YOUR TRANS ACTIVIST MEMORIES!
